

I'm watching my TV
The least that I can do
Paying my respects
To a girl who lived in Poland
All she left behind
All her hopes & dreams
Is the diary of a girl
killed in Auschwitz.

& I'm trying to find that word
that word that might describe
What happened to this girl...
when she died...

I'm following this link
The least that I can do
Paying my respects
To a girl who lived in Palestine
All she left behind
All her hopes & dreams
Is the photo of a girl
killed in Gaza.

& I'm trying to find that word
that word that might describe
What happened to this girl...
when she died...

The world is full of words
Like holocaust & slaughter
& all their mathematics mean is
mothers lose their daughters
The least that I can do
Is add another song
To that little pile of shoes

for Auschwitz & for Gaza

& I'm trying to find that word
the word that might describe
What happened to these sisters...
when they died...

Is
inexcusable.
