

## **A Call for all Freedom supporters**

To all free people of the world,

To all who call for freedom and Justice

To all who have a living conscience

To all who love Peace,

The hearts of the children of Palestine are calling to you, the screams of the bereaved mothers are calling your consciences.

We are wondering how the world sleeps while the children of Palestine are been cut into pieces, forgive us, our eyes are full of tears and our hearts are saddened by the criminal actions of the Israeli occupation that are beyond our imaginations.

It is also hard to see the support of the governments of the world for such war crimes, which are giving permission to Israel to commit more crimes. We are calling upon you all on the following:

- 1- To continue your demonstration in front of the Israeli embassies and your parliaments not just as an emotional reaction
- 2- A serious boycott to Israel at all levels and work to ask the Israeli ambassadors to leave your countries
- 3- To work towards having the Israeli war crimes put before war crime courts
- 4- We call upon all popular committees in Palestine to organize more demonstrations on a daily basis
- 5- We call upon the Israelis who refuse the occupation to demonstrate in front of their war ministry Together we can stop blood shedding

Together we can bring Peace and Justice The Popular Committees in Palestine  
Thank you for you continued support,

Iyad Burnat- Head of Popular Committee in Bilin  
Head of Friends of Freedom and Justice in Bilin
